SESSION 1 2026/2027

DFK30053 OBJECT ORIENTED PROGRAMMING

LECTURER NAME		
TYPE OF ASSESSMENT	MINI PROJECT PRESENTATION	
TOPIC	T1 : OBJECT-ORIENTED PROGRAMMING AND JAVA BASICS T5 : PACKAGES AND EXCEPTION HANDLING	
DURATION	2 HOURS (F2F), 2 HOURS (NF2F)	
DATE OF ASSESSMENT		
STUDENT'S INFORMATION	NAME	REGISTRATION NO.
TOTAL MARKS	CLO 3	/ 100 MARKS

DFK30053 OBJECT ORIENTED PROGRAMMING			
MINI PROJECT PRESENTATION			
CLO3	Demonstrate professional ethical values during the presentation of a computing solution.	PLO11	DIT

INSTRUCTION: Answer all questions.

Based on the given rubric, present your Mini Project by explaining the program codes and demonstrating the output. Each group member must participate in the presentation, and individual marks will be awarded based on individual performance.

- a. Prepare presentation slides that include:
 - i. Introduction to the project
 - ii. Functions implemented in the program
 - iii. Output produced by each function
 - iv. Conclusion
- b. Run the program and explain the relevant codes and their functions during the presentation.
- c. The presentation must be completed within 15–20 minutes.

Rubric:

PLO11 – Commit to professional and ethical practices in executing instructions related to the job and organizational functions..
CLUSTER 5 – CLS5: Ethics & Professionalism (A3)

Criteria	Performance Level				Weightage	Standard	Score
	Excellent 4	Good 3	Average 2	Poor 1			
Ethics & Professionalism							
1. Understanding of OOP & Java Basics	Clearly explains the OOP concepts and Java basics applied in the project and relates them appropriately to the developed system.	Explains most OOP concepts and Java basics correctly with minor inaccuracies.	Explains basic concepts but demonstrates limited understanding of their application.	Unable to explain the relevant OOP concepts and Java basics appropriately.	20%	[]/4*20	
2. Packages & Exception Handling	Clearly explains the purpose and implementation of packages and exception handling, including their contribution to program organisation and reliability.	Explains packages and exception handling correctly with minor gaps.	Provides a basic explanation but has limited understanding of their implementation or purpose.	Unable to explain the packages and exception handling implemented.	15%	[]/4*15	
3. Professional Communication	Presents ideas clearly, confidently and systematically using appropriate technical terminology; responds appropriately to questions.	Communicates clearly and uses appropriate technical terms with minor weaknesses.	Communication is understandable but lacks clarity, confidence or appropriate technical terminology in some areas.	Communication is unclear, poorly organised or inappropriate for a professional presentation.	15%	[]/4*15	

4. Responsibility & Ownership of Work	Demonstrates strong ownership of the project, explains personal contributions clearly and responds to questions independently and honestly.	Demonstrates good understanding of own work and contributions with minor dependence on others.	Demonstrates partial ownership and requires some assistance when explaining the project.	Unable to explain own contribution or relies heavily on others.	15%	[]/4*15
5. Ethical Use of Code & Resources	Clearly acknowledges external references, libraries, code examples or AI/tools used and demonstrates responsible and ethical use of resources.	Acknowledges most external resources used with minor omissions.	Provides limited acknowledgement of external resources or demonstrates limited awareness of ethical use.	Fails to acknowledge external resources or presents others' work as own.	15%	[]/4*15
6. Professional Conduct & Team Interaction	Demonstrates respectful, responsible and professional behaviour throughout the presentation and Q&A session.	Generally demonstrates professional and respectful behaviour with minor lapses.	Demonstrates acceptable behaviour but requires improvement in professionalism or interaction.	Demonstrates inappropriate or unprofessional behaviour during the presentation.	10%	[]/4*10
7. Presentation Preparation & Time Management	Presentation is well prepared, logically organised and completed within the allocated time.	Presentation is well prepared with minor issues in organisation or time management.	Some preparation is evident but presentation flow or time management needs improvement.	Presentation is poorly prepared and significantly exceeds or fails to use the allocated time effectively.	10%	[]/4*10
